Dear Lisa,

Many thanks for your great work during our YPO Southern Seven Meeting in Beverly Hills. I have received great feedback on both your presentation and on the one-on-one counseling sessions for our members. The Health and Wellness category attracts more and more interest at our meetings and has been presented from many angles. However, your practical approach to a healthier lifestyle and the enthusiasm that you have for your work enable your presentation to really stand out.

The commitment that you made to our meeting's success was evident in the long hours that you spent in the individual counseling sessions. That time was really above-and-beyond our initial presentation-oriented focus and turned out to be of great value to our members. Thanks for the extra effort.

I hope to have the opportunity to work with you again at a future meeting. Best of luck in all that you do.

Best regards,

Allen D. Barnes
